## KINIGARDNER'S 5TH FULLGAS: WITH THE KTM X-BOW IN SERVICE OF „WINGS FOR LIFE“!

When KTM's motorsports legend Heinz Kinigadner hosts his fifth annual Fullgas weekend on May 1-2, 2010 in Austria's Zillertal, there will be non-stop action for all motorsports fans, including a chance to get "up close and personal" with some of the stars of two and four wheel racing.

Fullgas, held in the small Austrian town of Uderns, raises funds to support the Wings for Life Foundation, which supports research into finding a cure for spinal injuries. With a guaranteed lineup of on- and off the track personalities, the weekend is again set to be a must for all motorsport junkies. No less than Red Bull F1 racing star Sebastien Vettel, KTM Offroad Director Pit Beirer and Red Bull KTM MX1 factory rider Tony Cairoli will be there to join the legend Kinigadner. And they will be supported by Austria's ex-ski racers and dedicated motorsports fans Matthias Lanzinger and Stefan Eberharter.

The famed Red Bull "Flying Bulls" will stage a spectacular air show both in historical and modern aircraft, MX freestyler Jimmy Verburgh will take to the air to thrill the crowd with spectacular no-handers and back-flips. Spanish trial bike hero Adam Raga will be on hand to display his riding skills and there will be a spectacular exhibition of - among others - F1, DTM and Nascar autos, Enduro and Motocross bikes, the KTM RC8 Superbike and of course the KTM X-BOW for which one can bid for co-drives, all for "Wings for Life"! There will also be some 2000 amazing raffle prizes to be won, many of which will warm the heart of any dedicated petrol head.

Fullgas will kick off with a top adrenalin Clubbing Night in the Bawa Lounge on April 30th. Fans can get down to Fullgas business on Saturday between 10:00 and 18:00 hours before joining the "Always Fullgas" Party in the Festival Tent from 20:00. The fun continues on Sunday from 10:00 to 16:00 hours to wrap up the weekend. It's a must for any motorsports enthusiast – and of course for all X-BOW drivers who will find their own parking space there.
